Declaration of Reverse Solicitation and Acknowledgement of Risks

This letter serves as a formal declaration that I have initiated contact with Taurex on my own exclusive initiative and volition. I understand that Taurex is *not* regulated by the Financial Conduct Authority (FCA).

I have actively sought out Taurex's services and fully understand that, due to the lack of UK regulation, I am **not afforded the same level of protection** as I would be with an FCA-regulated broker. I have carefully considered these risks and have chosen to proceed with engaging your services despite them.

I acknowledge and accept the following:

- **Leverage Restrictions:**
  I will not be protected by the FCA's leverage restrictions for CFDs.
- **Segregated Account:**
  My funds will *not* be segregated from company funds.
- **Negative Balance Protection:**
  I will not have negative balance protection. This means my account may go negative and I may lose more than my initial deposit.
- **Restrictions on Incentives:**
  I will not be protected by the FCA's restrictions on offering monetary or non-monetary incentives to retail investors.
- **Prescribed Risk Warning:**
  I will not be provided with the standardised FCA risk warning, including the percentage of clients who lose money when trading with Taurex.
- I am solely responsible for any financial losses or gains incurred through my transactions with Taurex.
- Taurex is not subject to the same capital adequacy requirements as FCA-regulated brokers.
- Taurex may not be subject to the same consumer protection rules as FCA-regulated brokers.
- I have conducted my own due diligence on Taurex and am satisfied with its financial stability and operational practices.
